– SIP Day

Monday, October 3rd: Picture Day!

Next Week's Word Wall Words

when got what how

What We Are Learning

Reading: We continued to study elements of a fiction story focusing on problem and solution.

Language Arts: This week we continued to review our unit on sentence writing. Students are now expected to write all sentences with a capital letter and proper punctuation. We will have our unit test on Wednesday.

Math: We reviewed our chapter on addition. A test will be given on Tuesday. Next week we will also begin our unit on subtraction.

Science: We made apple sauce and went on our apple orchard field trip! What a great start to Fall!

Religion– Students recognize that the Bible is the word of God.

Notes

Notes from the Music Room

The first graders are off to a great start at Music Class this year! We are starting off the year learning the Italian music words for loud (forte), quiet (piano), fast (presto) and slow (largo). The students and I have had fun moving around the room in these styles, as well as playing instruments.

I am looking forward to a wonderful year of music together.
