Next Week's Word Wall Words

now over her his

What We Are Learning

Reading: The students identified ways to decode new words and to use clues from the text to define new words. We also began guided reading using the iPads!

Language Arts: We continue our study of nouns by introducing plural nouns. Students also recognize that the word I comes second when referring to themselves and a friend in a sentence.

Math: We continue our study of subtraction. The students practiced subtraction while solving word problems.

Social Studies: We created a chart about pumpkins. Students also discussed the life cycle of a pumpkin.

Religion– We continue our discussion about Saints. Students learned about St. Nicholas, St. Michael and St. Patrick.

Notes

Please continue working on the Saint research papers with your child. You can send it in once it is done.

Have a great weekend!
