Next Week's Word Wall Words

First next then last

What We Are Learning

Reading: The students learned the five finger rule to discover a good fit book! They used these skills to find books for independent reading.

Language Arts: We finished our study of nouns including plural nouns, proper nouns, and pronouns. We will have our test on Monday.

Math: We continue our study of subtraction. The students have reviewed and practiced their subtraction facts all week. Next week we will focus on related facts and fact families.

Science: We continued our study of pumpkins. We also read a book about Spookley the Square Pumpkin and discussed differences and bullying.

Religion- We continue our discussion about Saints. Students learned about St. Joseph and St. Mary.

Notes

Please be sure to note the return date on the books from AHML yesterday. The students had a blast!

Have a great weekend!
