## What We Are Learning

Reading: Students were reintroduced to Daily 5. After attending a wonderful conference, we will be reformatting our guided reading block with new centers and deeper reading.

Language Arts: We completed our chapter about proper nouns and writing sentences. Going forward, we will be focusing on the writing process. Students are expected to write sentences using capital letters and punctuation.

Math: Students worked with place value to the tens and ones while mentally finding 10 more and 10 less.

Science: Students discussed hibernation and migration. Students identified animals that participate in each as well as completed a science experiment.

Religion- This week, students broke down the lines in the Lord's Prayer to identify the meaning.

## Notes

The students that read and presented gifts at Mass did an excellent job today. Also thank you to all the families for making my 1/2 birthday extra special!

Have a fantastic weekend!
